

Sharps Meeting July, 2025

Attendees -Pam Goffinet, Mary Voshell. – Recording Secretary

Checking account has \$4,767.11 one check to Nathan for mowing in June \$1550

Check received from Hicks for Helen Long burial last week. Cooper left the headstone and one cornerstone unearthed and plywood in place for many days after the service creating an unsafe condition. The sod had died and garbage was picked up from the site. Pam will call Cooper and request a 10% discount before making the payment of \$525. This along with the ruts and mess left by them after the Robert Poorman burial, which we did not complain about is not acceptable.

After the Poorman burial, Pam was contacted by Linda Poorman (Robert's wife) who was in possession of the remaining deeds for the family lots. She wanted to sell them back as being no longer needed and it was determined by the board that she be given \$1350 for the lots. Shortly after this, Jim Poorman (son of Robert and Sharon) contacted Pam and said the family did not want to return them and wished to retain them. He was told that \$1350 would buy them back and we will hold them and make no changes in the cornerstones until we know his path forward.

Sartin Memorials and AGL is out of business and no longer available for the purchase of cornerstones. After much investigation of other sources that are much more expensive, we are waiting for Julianna Hennessy who will be starting a new business in Middletown for cornerstones only. She is buying new etching equipment and sourcing stone from Georgia for \$224 per set of four. We need to order one set of M stones and Mary is willing to drive to Middletown to pick them up once they are complete. We will place the order as soon as she is up and running. We will enlist the help of Nathan to install the four sets of stones in need of placement as soon as we receive them.

Next Meeting August 11 @ 7pm
