

Sharp's Cemetery Board of Directors Virtual Meeting – March 2020

Attendees: Due to the COVID-19 pandemic and the fact that there wasn't much on the agenda, discussions were held by email.

- **Lot ownership question.** Jerry received an email from Peter Graziano asking if he could be buried with his parents, Anthony and Margret Graziano, or if he would be required to purchase his own lot. He responded that they had purchased a double lot (Above the Driveway, Row 35, Lots 11 and 12) so that there is availability but noted that the deed is a legal document and belonged to his father's estate. I suggestion that he check with his step mother to see if she has the deed and determine her plans.
- **Cemetery cleanup and corner stone installation.** On February 22 we picked up a trailer load of Christmas greens, and got a start on installing corner stones.

From Pam's list the first three had already been installed:

Delmotte - Above, Row 34, Lot 2S and 3

Benjamin- Above, Row 33, Lot 7N

Griffith - Center, Row 24, Lot 20.

Completed today were:

Makinen - South, Row 22 Lot3S

McCandless - Center, Row 20, Lot1A

Completed on March 18 were:

DeBusk - Above, Row 35, Lot A

Fiedler - Above, Row 32, Lot 3

Still do to are:

Mackie - Above Row 34, Lots 1S and 2N

Long - Above, Row 31, Lot 2N

Johnston - Center, Row 24, Lots 24 & 25

Prak - Center, Row 26, Lot 14

Graham - Above, Row 36, Lot 17

We have corner stones for Long and 5 extra D's but we need to order:

4 M's for Mackie,

4 J's for Johnston,

4 G's for Graham,

4 P's for Prak who purchased the lot though Hann Yun is buried there.

- **Pauline Mackie's files.** Jerry made several trips to Crouch Funeral Home and dug through the papers from Pauline's estate, but came up short other than finding a copy of the old map. The administrative assistant Patty later found papers related to the archeological dig and sent them to Tom. Bud suggested that Casey's papers relating to the cemetery may have gone to his brother Bill. We should check with him next.
