

Sharps Meeting May 10, 2022

Attendees: Tom S, Pam G, Mary V – Recording Secretary

Pam wrote two checks to Coopers for Welch and Vendrick burials. Invoice was resubmitted with correct price for green burial. Thanks for making the call Dan.

Tom has checks to get to Pam for 2 urn burials and one full payment.

Paperwork for records to be picked up from Pam by Tom on Thursday morning include the 2021 1099 for mowing, a couple of transit permits and the form for State of Maryland which is due now.

Pam had an e-mail from a recent lot owner regarding the future of the site. As far as development is concerned, there are no worries at this time or for the future. The site has been in use as a cemetery for at least two hundred years and is surrounded by natural resource property. There is no perpetual care fee for lot owners in place at this time and the treasury is used to maintain the site.

The need for interest in future maintenance of cemeteries was noted as board members age and younger people do not seem to be concerned.

Mowing has begun and no invoices have been submitted yet. The site looks very good and well maintained.

A future topic for discussion and possible vote will be changing the meeting time in the summer to accommodate the outdoor activities of the board members.

Tom will forward some information he received on an upcoming seminar regarding green burials.
